Re: **Administrative Relief for Business Planned Development No. 859,
Sub area A, Proposed Automobile Fuel Station at South Ashland
Avenue and West 70th Street**

Dear Mr. Dunnington:

Please be advised that your request for a minor change to Business Planned Development No. 859 has been considered by the Department of Zoning and Land Use Planning pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 11 of the Planned Development.

Specifically, you are requesting to add an additional fuel pump to the four pump automobile fuel station which was approved in the Planned Development. A revised Overall Site Plan, Fuel Station Site Plan and Landscape Plan, prepared by API Architecture Plus, Inc., and dated June 3, 2009, shall be inserted into the main file in anticipation of a Part II building permit submittal.

With regard to your request, the Department of Zoning and Land Use Planning has determined that allowing a five pump fuel station in place of the previously approved four pump station will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Business Planned Development No. 859, I hereby approve the foregoing minor change, but no other changes to this Planned Development.

Sincerely,

Patricia A. Scudiero
Commissioner

Re: Request for a minor change to Business Planned
Development No. 859, Subarea A
7030 South Ashland Avenue (Food4Less -store # 552)

Dear Mr. Diercks:

Please be advised that your request for a minor change to Business Planned Development No. 859, Subarea A, has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 11 of Business Planned Development No. 859.

Specifically, you requested a decrease in the minimum number of required off-street parking spaces for Subarea A from 223-spaces to a proposed 221-spaces. This change is necessitated as a result of providing additionally required H.C. parking spaces.

With regard to your request, the Department of Planning and Development has determined that this revision to the Planned Development would constitute a minor change pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance. Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Business Planned Development No. 859, I hereby approve the foregoing minor change, but no other changes to Business Planned Development No. 859, Subarea A.

Very Truly Yours,

Denise M. Casalino, P.E.

If a Site Plan substantially conforms with the provisions of this Planned Development, the Department shall approve said Site Plan. Following approval of a Site Plan by the Department, the Site Plan shall be kept on permanent file with the Department and shall be deemed to be an integral part of this Planned Development. After approval of a Site Plan by the Department, the approved Site Plan may be changed or modified pursuant to the provisions of Statement Number 11 of this Planned Development.  - (2) Rooftop mechanical units, flues and vents shall be screened from pedestrian level view.
11. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Co-Applicants and

after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.

12. The Co-Applicants acknowledge that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. 14. Unless substantial construction of the improvements contemplated for the Property by this Planned Development has commenced within six (6) years of the effective date hereof and unless the completion of those improvements is thereafter diligently pursued, then this Planned Development shall expire and the zoning of the Property shall automatically revert to the B4-2 District classification. The six (6) year period may be extended for up to one (1) additional year if, before expiration, the Commissioner of the Department of Planning and Development determines that good cause for an extension is shown.
